21 35. Attached hereto as **Exhibit 33** is a true and correct copy of a document Google
22 produced in discovery labeled GOOG-RDGZ-00149701. This document was produced on July 28,
23 2022.

24 36. On September 30, 2022, Plaintiffs served Plaintiffs' Tenth Set of Requests for
25 Production, Plaintiffs' Seventh Set of Interrogatories, and Plaintiffs' Fourth Set of Requests for
26 Admission. These sets included a small number of requests relating to [REDACTED] and Google
27 services other than Firebase. Plaintiffs have now served a total of 25 interrogatories and 52 requests
28

1 for admission. Plaintiffs' latest sets of written discovery requests are their last set relating to
2 Google's collection of WAA-off data from third-party apps.

3 37. On September 30, 2022, Plaintiffs also served notices of deposition for ten Google
4 employees, bringing their total to fourteen.

5 38. Plaintiffs' counsel emailed Google's counsel a prior version of Plaintiffs' proposed
6 amended complaint on October 17, 2022, including a redline showing proposed changes made to
7 the Third Amended Complaint. During a meet-and-confer about the proposed amended Complaint
8 with Google's counsel on October 20, 2022, Plaintiffs' counsel informed Google's counsel that
9 Plaintiffs will not oppose reasonable discovery requests relating to matters that are newly
10 addressed in the Fourth Amended Complaint. On October 24, Google's counsel informed Plaintiffs
11 that Google does not consent to the amendment, and that it will oppose this motion.

12 39. On May 13, 2022, Plaintiffs' counsel sent an email to Google proposing a process
13 in which Plaintiffs' experts would use test devices to generate app activity data using different
14 privacy settings, and Google would produce the data as it is saved on Google's servers. To craft
15 the specifics of this proposal, Plaintiffs need to know the locations in which app activity data is
16 saved. Plaintiffs also served written discovery requests on May 27, 2022 seeking this information.
17 Plaintiffs have moved to compel responses to some of those requests relating to Google's storage
18 of WAA-off data. Dkts. 250, 253.

19 40. Google's counsel did not respond to Plaintiffs' May 13, 2022 email until August
20 11, 2022. Google's response did not address Plaintiffs' testing proposal. Google's response
21 identified just one new log, on top of the three it had previously identified. Google's response
22 indicated that its search for logs containing app activity data remains ongoing.

23 41. In the following months, Google admitted that thousands of logs contain WAA-off
24 data and refused to disclose the names of those logs to Plaintiffs.

25 42. As of September 1, 2021, Google had designated just three document custodians,
26 and the parties had neither agreed upon nor finished motion practice regarding search terms for
27 those custodians.
28

43. Google did not produce a single unique document from the files of any of the 19 custodians included in Magistrate Judge Tse's December 1, 2021 Order (Dkt. 184) until July 28, 2022.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed this 28th day of October, 2022, at San Francisco, California.
